

FREE felt Shamrocks & 4 leaf Clovers!

My Georgie the Good Luck Elephant pattern comes with her own tiny felt shamrock for sending good luck wishes, but you can easily make ANY Funky Friends Factory toy their own lucky 4 leaf clover. I have made a selection of sizes so you can choose according to the size of the Funky Friend you're sewing.

Wishing you LOTS of good luck!

xxx Pauline

TIP: I didn't to shrink the pieces too small because there is a limit to how small a piece you can actually hold to cut out!

I have a great tutorial for how to cut out small pieces of felt neatly on my blog ~>
